Glavé & Holmes Celebrates Groundbreaking of New Meeting Pavilion at Boar's Head Inn

Richmond, Va. - The Richmond architecture firm of Glavé & Holmes Associates joined the Boar's Head Inn and the University of Virginia Foundation at the August 8 groundbreaking ceremony of the new state-of-the-art Meeting Pavilion at the Boar's Head Inn in Charlottesville, Virginia.

The new \$10 million, 17,630 square foot Meeting Pavilion will expand the Inn's current conferencing capabilities with a nearly 5,400 square foot ballroom, a business center, a break-out meeting room, pre-function space, and full commercial kitchen. The building's design relates to the context of the surrounding environment, complementing the Old English country inn setting associated with the Boar's Head tradition.

Founded in 1965, the award-winning Glavé & Holmes Associates specializes in cultural, higher education, hospitality and interior design. The firm is also well-known for its historic renovation and adaptive reuse projects. Glavé & Holmes Associates believes that the creation of successful, context responsive projects requires a collaborative process involving a well-structured design team, the client, the community, and other constituencies. From the firm's inception, this principle has guided its work, resulting in exceptional service to diverse clientele.
