Glavé & Holmes Receives Design Award for Lake Matoaka Amphitheatre

Richmond, Va. – The Hampton Roads Association for Commercial Real Estate has recognized Glavé & Holmes Associates in the 2007 Excellence in Development Design Awards. The Lake Matoaka Amphitheatre at The College of William & Mary received the award for Best Renovated/Historic Rehabilitation. The awards were presented on October 11.

The Lake Matoaka Amphitheatre was originally built in 1947 as the performance location of Paul Green’s “The Common Glory”. The renovated 2,100-seat amphitheatre and back of house facilities will be the venue for a number of campus performances.

Founded in 1965, the award-winning Glavé & Holmes Associates specializes in cultural, higher education, hospitality and interior design. The firm is also well-known for its historic renovation and adaptive reuse projects. Glavé & Holmes Associates believes that the creation of successful, context responsive projects requires a collaborative process involving a well-structured design team, the client, the community, and other constituencies. From the firm’s inception, this principle has guided its work, resulting in exceptional service to diverse clientele.
